

REACH YOUR FULL POTENTIAL WITH SSS & SECURITEASE

Established in 1985, Scientific Software & Systems Limited is a successful New Zealand owned and managed company with two core business units: a financial markets business – referred to as SecuritEase, and an IT security business – referred to as SSS - IT Security Specialists or just “SSS”.

The company has been serving government and corporate clients in New Zealand and across the world for more than 30 years.

The financial markets business produces a software solution which is known as SecuritEase®. This is a real time multi-currency, multi-market, multi-instrument and multi-company back-office settlement and clearing system. SecuritEase develops a suite of stockbroking settlement and wealth management products used in the financial services sector in Australia, New Zealand, and South Africa.

SSS - IT Security Specialists' core business is to provide end-to-end IT security solutions. We do this by providing a range of consulting and solutions. We start by understanding where our clients are in their cyber security journey and help them understand and appropriately manage their cyber risk through consulting services, best-of-breed security solutions, and tailored support services.

At SSS you will be part of a culture that puts people first. We understand that to be successful, we need to look after and grow our people which is why we work hard to make our company one of the best places to work.

We pride ourselves on achieving high levels of client satisfaction, and our development of long term partnership relations with our key clients, vendors and integrators.

The two business units share premises in New Zealand and back-end administrative staff and support systems.

BENEFITS OF WORKING WITH SSS & SECURITEASE

We firmly believe that staff engagement is the foundation to client satisfaction and profitable business. SSS offers a rewarding work environment with a focus on continued learning and development which results in a positive culture. We pride ourselves on our dynamic leadership, low staff turnover, competitive remuneration, and great benefits like:

- Growing, market-leading business producing the opportunities for staff growth into new and exciting areas.
- Ongoing learning and development, including support towards study (financial and time off).
- Modern high rise office with beautiful sea views and the latest equipment.
- Long service leave.
- Catered lunch 5 days per week, fruit, well-stocked kitchen including soft drinks, ice creams, biscuits, and a fantastic coffee machine!
- Social activities, weekly drinks, mid winter and Christmas functions.
- Discounted medical insurance through Southern Cross.
- Referral scheme.

SKILLS/QUALITIES REQUIRED

We work hard to attract, train and retain staff that are driven, forward thinking and have lots of initiative. We recruit across a range of skills, abilities and backgrounds. Our standards are high and we like people who not only have a solid academic record, but are also well rounded with strong interpersonal skills supported by social and community interests.

We want people who display the highest standards of professionalism and integrity, who have the passion to keep learning and drive change, solve problems, make a difference, and play their part in our successful business.

PROCESS FOR APPLICATION

We are looking for the best of the best. If you think you have what we are looking for, please apply by emailing your CV, academic transcript, along with a cover letter, telling us why you think you would be a great fit for us to human.resources@sss.co.nz. Candidates must be residing in New Zealand and be entitled to work in New Zealand before applying for a role with us.

After a screening process, successful candidates will be invited for an initial interview. This provides an opportunity for both parties to assess their respective level of interest. A second interview, a range of testing, and a chance to meet some of the team is next. An offer of employment, subject to successful background checks, will be made to the preferred candidate.
